

December 28, 2016

Dear Parents:

I want to alert you to the fact that the police are conducting an investigation involving the track team.

The investigation includes an allegation made against your child's head track coach, who is on administrative leave until further notice. This is the school system's normal procedure. Police have not filed any charges against the coach. Over the next week, a Charles County Sheriff's Office detective may contact your son/daughter as part of the investigation. If you or your child has any information to share about the track team, please contact Detective Higgs at 301-609-6498.

Until the conclusion of the investigation, the assistant track coaches will run all practices and track meets.

I will notify parents again when the police finish their investigation.

Sincerely,

Douglass Dolan
Principal
